

BYD ATTO 3 - AUSTRALIAN GROUPS

PRE-COLLECTION CHECKLIST - 12 NOVEMBER 2022

Print this checklist to take with you to tick off all items before leaving dealership. Especially useful for rural owners living far away from a BYD dealership. To provide feedback please contact Stephanie Rice from any of the Australian Groups listed below in footnote. This list is applicable to cars sold in Australia only.

GENERAL VEHICLE ITEMS		
NO.		TICK
1.	2 X KEY FOBS + 1 X NFC SMART CARD Test all remote functions. Make sure keys/card are programmed to operate the car correctly. (Door locks / boot release / remote start.	
2.	12V BATTERY Check with dealer that battery was fully charged and tested before installation. If staff are unsure, ask them to check charge on site before you leave. Battery tester equipment is kept on site for this purpose at all dealerships.	
3.	DRIVE (TRACTION) BATTERY Check battery is at 97% to 100% State of Charge (SOC) on delivery.	
4.	TYRE PRESSURE Check tyre pressure is 36 PSI on all four wheels. Tyre pressure and information placard is located on driver's door 'B' pillar, just below the door striker.	
BOOT COMPARTMENT ITEMS		
5.	BYD GRANNY CHARGER Check by plugging into a standard PowerPoint to ensure it is working to charge the car. Keep this item handy as an emergency charger even if installing faster charger at home.	
6.	V2L ADAPTOR KIT (Vehicle to Load) Looks like a 4 outlet power board with a Type 2 EV charging plug. Useful to run domestic electrical appliances such as kettle, small BBQ plate, toaster, inflate camp mattress etc.	

NOTE: Document correct at time of publishing. Applies to cars sold in Australia only. To advise updates please contact **Stephanie Rice**, a member of BYD Electric Vehicle Owners, BYD Owners Group Aus. BYD EV Owners Aus. and BYD Atto 3 Victoria Aus Group. Document stored under 'Files' tab of groups. Please quote item number(s) listed when providing feedback. Document not to be reproduced or altered without permission from author. ©2022 Stephanie Rice.

7.	TYRE PUNCTURE REPAIR KIT 12V air compressor and tub of sealant goo.	
8.	TOOL KIT Should contain: Wheel nut cap removal tool. Emergency Kit contains: Road safety triangle, reflective vest and removable tie down/towing eye bolt.	
INTERIOR/CABIN		
9.	AIR CONDITIONER / HEATING Test air conditioner to maximum cold and hot temperatures as well as all fan speeds.	
10.	HEATED SEATS Check driver and front passenger heated seats work at all temperature settings.	
11.	WINDOW SWITCHES ON DOORS Check switches are working for each 4 doors with their individual switches. Driver side switches are one-press for full open/close.	
12.	SUNROOF GLASS & SHADE Check for full open/close of both.	
13.	MAIN HEAD LIGHTS, PARKING/FOG LIGHTS and INDICATORS Check all are working from main steering wheel stalk.	
14.	AMBIENT LIGHTING Check lights on all speakers, doors, foot wells, under infotainment screen, and trinket tray.	
15.	WASHERS/WIPERS- FRONT and REAR Check all control switches and wiper/washers work as expected.	
16.	STEERING WHEEL BUTTONS and SCROLL WHEELS Check all buttons/scroll wheels on left and right of steering wheel work as expected.	
17.	CENTRE CONSOLE BUTTONS Check all buttons work as expected.	
18.	MOBILE PHONE CHARGING PAD Check your phone works with the wireless charging pad without any case or cover. Note: Do not place any metal type phone cases near the charging pad due to danger of burns. Reports show that Pixel 6 & 7 mobile phones may not be compatible with the wireless charging pad. In this case, you can switch off the wireless charger via the in-car pull down menu.	

NOTE: Document correct at time of publishing. Applies to cars sold in Australia only. To advise updates please contact **Stephanie Rice**, a member of BYD Electric Vehicle Owners, BYD Owners Group Aus. BYD EV Owners Aus. and BYD Atto 3 Victoria Aus Group. Document stored under 'Files' tab of groups. Please quote item number(s) listed when providing feedback. Document not to be reproduced or altered without permission from author. ©2022 Stephanie Rice.

	You can purchase a wireless fast charger, non-slip mat that plugs into the USB charging port. This sits neatly on the current charging pad for use of any incompatible smart phone that can't be used with the inbuilt wireless charger.	
19.	USB PORTS Check all USB ports work with your mobile phone(s) for charging.	
20.	PASSENGER AIRBAG SWITCH SHOULD BE 'ON' Check passenger airbag is switched to 'ON' position for passenger safety. The ISOFIX child seat anchorages in the front passenger seat will be disengaged permanently meaning no child seat can be used in the front passenger seat of the vehicle. This means the airbag switch can be left permanently in the 'ON' position. Check child seat regulations applicable to your state for variations regarding the use of the front passenger seat.	
21.	SD MICRO CARD for DASH CAM RECORDER Check there is an SD Micro card supplied by dealer. Some dealerships are supplying 8GB cards however this varies between dealerships in Australia. Check with dealer prior to collection as you may want to take your own purchased card with higher GB's. It is recommended to buy a High Endurance card that is better suited to continuous data transfers.	
22.	FLOOR MATS Currently BYD floor mats are not being provided by the dealer. Check with your dealer in case they have a special customer arrangement otherwise you may want to take your own mats for the car on delivery/collection day. These can be ordered online from Rubber Tree or Aliexpress. Both have BYD Atto 3 fitted mats made in rubber or carpet with different quality grades available. BYD Australia will be introducing BYD mats at a date to be advised by the importer.	
EXTERIOR/BODYWORK		
23.	PANEL BUMPS or SCRATCHES on LIGHT CASING Check all panels and light casings to avoid finding imperfections after you arrive home. Some owners have found the odd manufacturing bump on panels and scratches or imperfections on light casings. If found, the dealer can address these issues on site and advise accordingly.	
24.	DOOR & BOOT RUBBER STOPS Check the door and boot rubber stops are screwed in tightly by hand otherwise they can drop off.	

NOTE: Document correct at time of publishing. Applies to cars sold in Australia only. To advise updates please contact **Stephanie Rice**, a member of BYD Electric Vehicle Owners, BYD Owners Group Aus. BYD EV Owners Aus. and BYD Atto 3 Victoria Aus Group. Document stored under 'Files' tab of groups. Please quote item number(s) listed when providing feedback. Document not to be reproduced or altered without permission from author. ©2022 Stephanie Rice.

25.	EV BADGES ON BOTH NUMBER PLATES (Blue Triangle) Check EV badges are on both number plates. See pop riveting notes in Paperwork, Regulations, and RA section below. Check in your state or territory if EV labels are a legal requirement before car delivery.	
26.	WHEEL ARCH LINER LOCK NUTS There are wheel arch linings (black) under the wheel arches with spin-on lock nuts. Check they are tightly secured. There have been reports of lock nuts dropping off when not secured properly.	
INFOTAINMENT SCREEN / INSTRUMENT CLUSTER		
27.	SOFTWARE UPDATES & DATA PLANS Check the current status of Over the Air (OTA) software updates. The current version includes Spotify + Navigation + BYD Assistant. Your dealer can advise if installation has occurred. A future Telstra sim package will be offered after 5,000km's or 3 months whichever comes first. This includes 2GB of free data per month <u>plus</u> free OTA software updates that don't subtract from your free 2GB of data. Check allowance under the folder Utility tools>Data.	
28.	CHECK SCREENS Check the infotainment screen (main screen) and instrument cluster display (behind steering wheel) for dead pixels.	
29.	ANDROID AUTO & APPLE CAR PLAY Estimated time of arrival for AA/ACL is late November to December 2022. If available connect your phone(s) to the car to check they work.	
30.	BLUETOOTH CONNECTION and PERSONAL HOTSPOT Check your phone(s) can connect via Bluetooth as a minimum requirement for hands-free driving. Hot spotting can also be used via Personal Hotspot on your mobile phone to the infotainment screen. Open Personal Hotspot on your phone, then go to Wi-Fi settings on infotainment screen to connect. This will use your own cellular data and will not eat into your free data supplied to the car.	
PAPERWORK REGULATIONS ROAD SIDE ASSISTANCE		
31.	VIN AND NUMBER PLATE Check that VIN No. and Number plate details match your paperwork.	
32.	ELECTRONIC ROAD TOLL-TAG DETAIL UPDATE Don't forget to update your E-tag/Linkt/E-Way etc. details and take your tag with you when collecting the car.	

NOTE: Document correct at time of publishing. Applies to cars sold in Australia only. To advise updates please contact **Stephanie Rice**, a member of BYD Electric Vehicle Owners, BYD Owners Group Aus. BYD EV Owners Aus. and BYD Atto 3 Victoria Aus Group. Document stored under 'Files' tab of groups. Please quote item number(s) listed when providing feedback. Document not to be reproduced or altered without permission from author. ©2022 Stephanie Rice.

33.	ROADSIDE ASSISTANCE DETAILS Check your free 12 months assistance details with dealer. Save Roadside Assist (RA) company number in your phone contacts before leaving the dealership in case of emergency. You may need additional cover on the interim in the first week while your membership is being activated with affiliated BYD RA company in your state.	
34.	'POP RIVET' BLUE EV LABEL ON NUMBER PLATES It is recommended to have blue EV label pop riveted on to both number plates. The adhesive supplied for some labels is insufficient to hold the label in place. Advise your dealer if the EV labels are missing when collecting your car. If labels are lost or fall off at a later date, your dealer may provide replacements or local registration authorities can also supply. NOTE: State regulations vary but in most cases having no EV labels may incur hefty fines due to safety/registration regulations.	
35.	SERVICE BOOKINGS \$189.00 service is booked automatically when your number plate is booked with Eagers or MyCar.	
36.	WARRANTY & HANDBOOK DOCUMENTS Ask your dealer to email you a copy of warranty documents and the Australian Owners Handbook if you don't already have a copy. Click on link to download Owners Handbook here: https://bydautomotive.com.au/brochures/BYD-ATTO-3-Owners-Handbook-2022.pdf	
37.	BYD OWNERS HANDBOOK FOR AUSTRALIA Please read handbook asap to familiarize yourself with all safety caution and warning information. Handbook can also be found under ' Files ' in Australian BYD Facebook groups. Reading before collection helps to avoid any issues that may occur especially regarding the wireless charging pad in the front of gear transmission. Keep keys or any metal objects clear of charging pad or burning may occur. Check you have removed metal coverings from your phone to be charged on the charging plate.	
END
